Garima Jain

Frontend Developer (React.js | Tailwind CSS | JavaScript)
Chandigarh, India | +91 79766-89984 | jaingarima1795@gmail.com | LinkedIn

---

Professional Summary

Results-driven **Frontend Developer** with **1.9 years** of experience designing and building highly responsive, pixel-perfect web applications. Specialized in **React.js**, **Tailwind CSS**, **JavaScript (ES6+)**, and modern UI frameworks. Delivered **15+ high-performance components**, enhanced load speed by **30%**, and decreased bug rate by **40%**. Skilled in **Redux**, **Axios**, and cross-functional collaboration. Focused on clean code, accessibility, and user-centric design.

Technical Skills

Frontend: React.js, JavaScript (ES6+), Next.js, HTML5, CSS3
Styling & UI: Tailwind CSS, Material UI, Bootstrap, Flexbox, Grid
State Management & APIs: Redux, Axios, REST APIs
Performance Optimization: Lazy Loading, Code Splitting, Lighthouse Optimization
Backend: Node.js, Express.js
Databases: MongoDB, MySQL, MSSQL
Tools: Git, GitHub, VS Code, Postman, NPM
Best Practices: Responsive Design, Cross-Browser Compatibility, Component Architecture

Experience

Frontend Developer — *Gemba Infotech*
Aug 2023 – Present

- Delivered **15+ UI components**, reused across **3+ major web apps**, reducing dev time by **25%**.
- Optimized load speed by **30%** using React.lazy, code splitting, and bundle analysis.
- Integrated **5+ REST APIs** via Axios to enable real-time updates with 99.9% uptime.
- Used **Redux** to manage global state for apps with 20+ components and dynamic routing.
- Collaborated with design and QA teams to reduce post-release UI bugs by **40%**.
- Improved cross-browser compatibility, achieving **100% consistency** across Chrome, Safari, Firefox.

React.js Intern — *Internshala* (6 Weeks)

- Developed **2 fully responsive single-page apps (SPA)** using React and Tailwind CSS.
- Used component-based architecture to improve scalability and maintainability.

Key Projects

Business Website

- Designed and deployed a **multi-page React.js website** with animated UI and form validations.
- Integrated **Google Translate and Email.js APIs**, enhancing multilingual reach and user interaction.
- Achieved **95+ Lighthouse score** for performance and accessibility across all pages.

Component Library (Design System)

- Built a library of **10+ reusable UI components** including buttons, modals, and input fields using React and Material UI.
- Ensured **theme adaptability** and responsiveness across screen sizes, improving dev speed for future projects by **30%**.

Frontend Performance Optimization Toolkit

- Reduced React app bundle size by **25%** through dynamic imports and `React.lazy`.
- Ran Lighthouse audits and implemented recommendations to boost UX and accessibility scores above **90%**.

Education & Certifications

B.Tech – Rajasthan Technical University, Kota — 2016

- React.js & Web Dev – Internshala
- Career Edge – TCS iON
- CIT Internship Studio – Web Training
